Branches reaching out into the swamp, creatures bustling through the undergrowth, and long-necked birds wading into the cloudy water. The mangroves of Costa Rica are not only essential to the larger ecosystem but also function as an ethereal waterway that will make you feel as if you’ve been transported to another world. Mangrove trees live in swamps where salt water meets fresh water, creating a flourishing home for a wide variety of animals. On your kayak, discover an intimate look at the local wildlife as you gently paddle six miles down the Ora River. Keep an eye out for playful monkeys and explorative iguanas scurrying up the trees. Follow your guide as you coast along the water, making your way along the winding river and taking in the nature all around you. Availability is based on river or sea conditions and cannot be guaranteed. This tour often runs at the same time as the Dolphin & Snorkel Adventure due to the tide schedule. Therefore, you can only book one of these optional tours, not both. *Duration: Approximately 3 hours.* Please note a minimum of 10 passengers is required. Transportation is included.
